

**OVERVIEW**

BoardVitals brings together the best content from top teaching faculty programs, leading specialists, and major publishers, to create the largest and most up-to-date training ecosystem in healthcare, covering more than 70 specialties.

**WHAT OUR USERS SAY ABOUT US**

*“Great rationales! It makes me feel like having an instructor in front of me teaching. I feel energetic and confident after doing BoardVitals. Very educational! Love the rationales.”*

**Isatu Bayoh, Nursing Student**

*“BoardVitals USMLE Step 1 Q-bank rivals, and, in many ways, excels when compared to the current vanguards of medical licensure exam preparation — I would wholeheartedly recommend this Q-bank as the primary, go-to solution for Step 1 simulation.”*

**Andrew T. Colucci, Medical Student**

*“BoardVitals was a great way to get an idea of what questions are like on the board exam! They even give you explanations when you get the question wrong!”*

**Danielle G, Medical Student**

**IN-APP STUDY FEATURES**

Highlight passages in a question to isolate key takeaways.

Strikeout answer choices to eliminate distractor options.

Mark a question or make a note for later review.

Access a calculator and set of standard lab values on screen.
