

For Residents

Graduate Medical Education

BoardVitals is the leading exam prep tool used by residents to help train for board certifications in nearly 40 medical specialties. Residency Directors, Coordinators, and other GME staff can also use BoardVitals as a proactive remediation tool and data collection resource relating to residents meeting ACGME milestones.

BoardVitals Features

- ✓ Detailed answers with in-depth explanations to cover related topics
- ✓ Create customized practice tests and track results in real time
- ✓ Review mode or Timed mode to simulate exam conditions
- ✓ 24-hour access from anywhere via computer or mobile device
