

For OBGYN

BoardVitals offers OBGYN board review questions targeted to the ABOG Qualifying Examination for Basic Certification in Obstetrics and Gynecology, as well as the Maintenance of Certification Written Examination. This question bank includes high quality review questions categorized by OB, GYN, Primary Care, and Office Practice for focused review.

BoardVitals Features

- ✓ Challenging OBGYN Board review questions
- ✓ Detailed answers with in-depth explanations to cover related topics
- ✓ Create customized practice tests and track results in real time
- ✓ Review mode or Timed mode to simulate exam conditions
- ✓ 24-hour access from anywhere via computer or mobile device

"I am very happy with BoardVitals! It really helped me a lot in preparing for my written OBGYN boards. Thank you for coming up with such challenging questions in a review format that is easy and convenient to use."

- Dr. Buenafe, MD

"I have to say that I really am proud of the product Board Vitals provides. As a physician, I have been impressed with the accessibility and internal validity of the questions. The residency training program I work with adopted the product to help residents prepare for board exams and I believe it is a great help."

- Ryan R. Stratford, MD, MBA

Administrative Features of BoardVitals Include

- **Monitor Student Usage**
 - Track the time students are using the platform and promote engagement to inactive users
- **Track Student Performance**
 - Administrators can track student performance to serve as a proactive remediation tool
- **Create Customized Exams**
 - Faculty can send customized exams to students or utilize questions in the classroom
- **Track Performance by Category**
 - Send entire categories of questions to students for practice
- **Flag Individual Questions**
 - Flag individual questions and send to one or many students to highlight a particular concept

About BoardVitals

BoardVitals helps healthcare practitioners and students train for certification and recertification exams, in-service exams, and meet continuing education requirements in over 50 health and medical specialties.
