PANCE Details

The actual PANCE exam has a total of 300 questions, which are spread out over five sections containing 60 questions. The BoardVitals question bank follows the NCCPA content blueprint for PANCE and has a similar breakdown of content for organ systems covered on the exam. It also covers the pharmaceutical type of questions that students often struggle with on the actual exam and students must be prepared to know both prescriptions dosage recommendations and their side-effects. The question bank also proportionally emphasizes the areas of patient safety and EKG usage that will appear on the exam.
