

Primal's Human Anatomy & Physiology

FACULTY RESOURCES AVAILABLE!

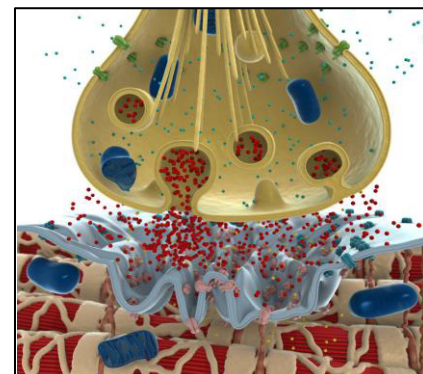

With your school's subscription to *Primal's Human Anatomy and Physiology*, you also gain access to designated **Faculty Resources** for this title on our ANATOMY.TV portal.

Primal's Human Anatomy and Physiology brings learning to life with interactive 3D models, narrated animations, a comprehensive atlas of micro-anatomy, histology and dissection images, as well as a wealth of ancillary content that covers aging, case studies, common clinical conditions and quizzes.

The faculty area contains an image bank and other helpful teaching aides designed to provide you with the means to quickly and easily save, download and integrate content with your LMS system, teaching material and work flow.

- **Enhance and supplement teaching** with access to thousands of 3D images, clinical slides, illustrations animations and movies.
- **Increase workflow, enliven lectures and lab sessions** using content directly, or quickly embed seamless links using the CreateWeblink function.
- **Assess student learning** through hundreds of interactive quizzes that can be imported into many Learning Management Systems.
- **Have no risk of copyright issues** thanks to your institutional license!
