

QUICK START GUIDE

HOW TO SEARCH

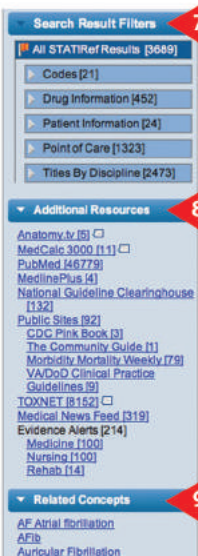

It's easy. (1) Enter a search term. (2) Click go.

(3) Clicking **Advanced Search** provides options to match very specific criteria. The search options you choose can refine the results by (4) Text Type, (5) Discipline, or (6) Title.

ENHANCED FEATURES

RESULT FILTERS

(7) Click on the category filters to refine your list of results. To return to the original list of results, click "All STAT!Ref Results."

RESOURCES

(8) To search additional resources, click on the resource and it will open in a new browser window.

RELATED CONCEPTS

(9) Select a concept related to your search term to perform a new search.

If you have any questions or would like a webinar demonstration, please speak with your STAT!Ref Representative, call 800-901-5494 or email support@statref.com.

MOBILE ACCESS Anytime, Anywhere

The STAT!Ref Mobile App takes STAT!Ref healthcare e-sources on the go. With powerful interactive functionality, the STAT!Ref Mobile App allows you to search your institution's subscription anytime and anywhere.

FEATURES

- Cross-search fully-interactive resources, including full-text information from a variety of top healthcare publishers and societies
- Use evidence-based STAT!Ref clinical decision tools when and where they are needed most, at the point-of-care
- Access multimedia content including videos and images that are completely optimized for quick accessibility
- Sign-up for STAT!Ref Mobile App Push Alerts, which are notifications of new STAT!Ref Medical News Feed articles or Evidence Alerts sent directly to your mobile device

Download the STAT!Ref Mobile App at the iTunes App Store, Google Play or the Amazon Appstore for Android. Or, for more details, visit <http://www.statref.com/products/srMobile.html>.
